Great Success on Accumulated Strength

The annual leading industrial events in Asia-Pacific region——ComVac ASIA, PTC ASIA, CeMAT ASIA, Cold Chain ASIA, Heavy Machinery ASIA and Industrial Supply ASIA 2015 came to a successful close on 30 October at the Shanghai New International Expo Centre. Covering a total of 17 halls of the fairground for the first time, the six shows attracted exhibitors from fluid power transmission, compressed air and vacuum, intralogistics and supply chain, heavy machinery, industrial subcontracting and lightweight construction industries, providing a big platform full of synergy which connects the upstream and downstream industries. During the four-day show, 70,239 trade visitors have visited. The full-aspects success in terms of participants, exhibition area and services has further consolidated the shows' leading positions in Asia and the world.

After two years' of development, ComVac ASIA 2015 has advanced steadily to an extended scale and upgraded its excellent performance. During this year's show, 153 famous exhibitors from various countries and regions, including Germany, Sweden, Japan, Korea, China Taiwan, etc. have jointly displayed in an exhibition area of 12,500 sqm. Torin Drive, Bolaite, Mann + Hummel Group, Kangpusl Compressor, Kaishan Group, Kobe Steel Ltd., Bauer Kompressoren, Buma Tech of Korea, Ningbo Baosi Energy Equipment Co., Ltd. of China, etc. displayed their innovative products and technology on the site as well.

Exhibitors

Shen Jun Manager of BD Dept., Shanghai United Compressor Co., Ltd.

It is no doubt that ComVac ASIA has already been a leading event of compressor industry in China, even in the world. Every time manufacturers and agents come to the show, they are able to explore the real new technologies, new products and new modes which bring deep inner feeling and authentic experience. United Compressor is not only a participant but also an experimenter. What we feel is the continue emerging of new products, the continue innovation and upgrade of technologies as well as the development mode. As a manufacturer, can we satisfy the marketing needs? Are we able to provide products with leading technology? We are ready. How about you?

He Wei Head of Marketing Planning Department, Marketing Devison, Fusheng Industrial (Shanghai) Co., Ltd

It is our honor that as a leading company in the industry, Fusheng has participated ComVac ASIA 2015 with the idea and products of "Energy Saving" and "Internet+". We see that although the scale of the show has not increased much, but many local companies have showcased the latest technology, which not only reflects the organizers' idea – "Professional and Efficient", but also points out the development direction of the entire technology industry with the common sign "Specialization". It has extraordinary significance in the situation that the whole environment is not optimistic. ComVac ASIA has attracted many overseas professional visitors, which will help it step closer to become the largest and most professional leading trade show in ASIA.

Xu Changsheng Director Designer, Technical Dept., China Zhongman Petroleum Equipment Co. Ltd.

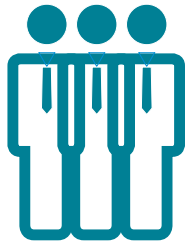

The show is very famous in industry and really gathers various brands and suppliers. The business atmosphere here is good, and I find some new suppliers onsite, I appreciate the organizer for providing us such great platform to gather market information and find potential partners. We are pleased with the onsite visitor service and happy to see so many international brands in machinery and hydraulic equipment this year.

Yoni Barkai Israel Aircraft Industry Delegation

Congratulations on having been an integral part of this highly successful event ComVac ASIA 2015. The delegation from Israel aircraft industry was very impressed by the size and quality of the trade shows in Shanghai. We appreciate the assistance of the organizer throughout this event. We had a very fine visit and some productive meetings too. The delegates from Israel made the most from the trade show and were very appreciate of this event.
