

ComVac ASIA 2020 - Online Guided Tours

Tour 1 - Intelligent Manufacturing

No.	Exhibitor	Hall/Booth	Description
1	BAUER KOMPRESSOREN N Shanghai Ltd.	N4/A3	BAUER KOMPRESSOREN was founded in 1946 in Munich, Germany. Ever since BAUER has been unrelentingly focusing on R&D and manufacturing of high pressure compressors.
2	Ningbo Baosi Energy Equipment Co., Ltd.	N4/B3-2	BAOSI was founded in 2005 and first quoted on the Shenzhen Stock Exchange in 2015 (Stock code: 300441). The company is located in Fenghua, the hometown of Chiang Kai-shek and holy site of the Maitreya. Currently the company focus on the production of high-end precision parts and complete sets of equipment such as compressors, cutting tools, precision components, vacuum pumps and hydraulic pumps. With the core concepts of Supreme sincerity, kindness and beauty and advocacy of the Maitreya culture of enlightened development and happy harmony, the company forges ahead and commits itself to developing into an international company with core-competitiveness in a harmonious way.
3	Guangdong Baldor-tech Co., LTD.	N5/B3	Guangdong Baldor Holding Group was first founded in 1999. We are a group enterprise which included the R&D, production, sales and IOT system of air compressors. We are also the National High-tech Enterprise, Energy-saving Air Compressor Engineering Center in Guangdong Province, Intelligent Manufacturing Demonstration Enterprise in Foshan City. Our products included the fixed speed screw compressors, scroll compressors, PM VSD compressors (one or two stage compression) , low pressure PM VSD compressors (one or two stage compression) , High pressure up to 25bar integrated compressors with dryer and filters specially for laser cutting machineries, oil free compressors (water lubricating type or dry type), PM VSD screw blower and centrifugal compressors and etc. The power ranged from 4Hp to 12000Hp, and the pressure ranged from 2bar to 30bar. We have over 200 patented technologies. All our compressors can exchange data with the internet via our BD cloud, thus we can remotely manage our compressors with mobile phone or computers.
